YeeHaw! October is bringing cooler temps right as the Republican Women are heating things on the Convention and political scene, on a local club and state level. What an exciting time to be part of the Conservative Republican movement. When you read this, votes for NFRW officers and By-Laws will have happened, and Anne Blackburn and I will be traveling home from Oklahoma City – look for a special report. I was honored to represent CTRW as your voice and Delegate. Texas is again the largest State recognized because of you, our members. Thank you!

Next, our Club 13 Delegates are preparing for the TFRW Convention, which will be in Irving, TX, on October 11-14. We are all very excited to represent the membership of CTRW as we elect a new TFRW slate and By-laws. We live in These exciting times, and it's encouraging to see Texas women rise to the occasion on issues affecting our families and State. Look for a special report on these Conventions in October.

At home, we have a special evening Legislative Update offered by Representative Brad Buckley on October 3 at The Gin starting at 5:30 p.m. And, on October 24, our Annual FUNdraiser with delicious Chili and a Live Auction is taking place at the Belton Harris Community Center with doors opening at 11 a.m. The Chili Fundraiser is a highly attended social event as we eat, talk politics, meet special guests elected officials, and raise funds for our Republican Candidates for November 2024 elections. And you will want to hear and meet a True Texan, Sid Miller, Texas Agriculture Commissioner, our Guest Speaker.

See you at the Chili Lunch – it's casual! **Let's work together and Keep Texas RED!**

*Janet Brown, President*

Questions? Please email [contactctrw@gmail.com](mailto:contactctrw@gmail.com)

*Veterans Day and Voting: Both are an honor and a right.*

I've thought long and hard about this for the last month and came up with very little. I finally had the brilliant idea of asking Veterans why they served, how long they served, their ranks, their branch of service, and what they thought of those who chose not to vote.

Wow! Was I surprised and embarrassed at the responses I received? I'm not going to use verbatim what they said, as you'd be a little upset at the wording I would need to use! I asked six different men and three women the same question. All the answers were pretty much the same. It was their honor to serve their country and their duty to protect our freedom; it was in their DNA, and even one said he didn't have a choice. I wasn't quite sure what that meant, so I left it alone! I truly can't repeat what they said about those who choose not to vote. However, I can say that all of them agreed that if you don't vote, you don't have a voice, and you shouldn't complain about our country, our laws, or our way of life.

*The men and women I'm going to share some of their stories with you are from all over the U.S.A., not just in Texas. They are all veterans and are honored and proud to have served to give us the right to vote and the freedoms we have today.*

One of the men served 13 years as a Marine and in the reserves. He enlisted three different times; the first time, he said he joined out of necessity. For the other two enlistments, he said it was his duty. He said he gained a home and family and learned discipline when he enlisted in the Marines. In 1983, he was in Beirut when the suicide bombing took place at the U.S. Embassy, he saw lives lost and destruction, yet he continued to serve. After this tour of duty, he re-enlisted two more times. He served as an operations Sergeant. He stated that at one time, he loved his country no matter how messed up it became.

*He said he fought for the rights of the people, and one of those rights is voting.*

*His last statement to me was, "It was a privilege to serve, and I wouldn't change anything"*

One of the men served for 21 years as a 2nd Lieutenant and an Army Captain. He was a member of the Opposing Force, trained US tank and mechanized forces, Light Infantry, airborne and ranger forces, and served with the NATO forces. When I asked him why he enlisted, he said he was a student of history, he always loved the Army and the Republic, and that it was his calling.

Continued on next page

Another one said enlisting in the military was never a doubt. He served 20 years and retired as a Major. His father, his brothers, and his uncles were all career soldiers. Serving was in his DNA. He said that while serving his country and fighting for our rights, he saw men/and women die; some were maimed for life, yet it was an honor to serve his country. He would do it all over again.

*I asked some of them if they would vote, and they responded with a resounding “YES”. They said they fought to keep the right to vote, and even if I don’t like the candidates, I will exercise that right. They will be voting RED also.*

*In talking with them, I know they are proud of their paths and being an American.*

I also know that if you are reading this newsletter, you are proud to be an American and that you are going to vote and more than likely have several of your friends and family members vote, too. Remind them to vote RED.

Whether you served in the military, was a member of the PTA, volunteered at a local food pantry, or are a candidate in a state or local office, no matter who you are, you have the right and the privilege to vote, and you should take advantage of that right, and we should remind others to do so also.

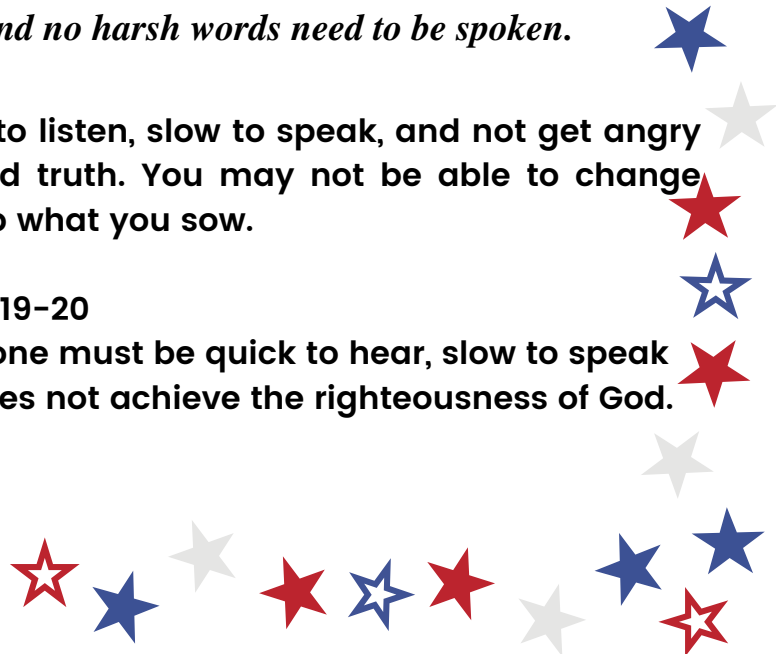

*We can share our political views with others, even though they may disagree with us and get angry, rude, or even decide not to speak to us.*

*We can share our views with kindness, and no harsh words need to be spoken.*

The Word tells us that we should be quick to listen, slow to speak, and not get angry easily. Share with others love, kindness, and truth. You may not be able to change their minds if they disagree, but you will reap what you sow.

James 1:19-20

This you know, my beloved brethren, everyone must be quick to hear, slow to speak and slow to anger; for the anger of man does not achieve the righteousness of God.

## Are you ready to serve as a CTRW Executive Committee Officer Chair?

If your immediate response is "yes," we want you to know there is a place for you, and you should read further. Please consider these questions when applying for a CTRW Executive Officer Chair position.

- Chair Positions are everything except the Elected Officers.
- Do you have a first and second choice?
  - Are you a Team Player and ready to make a difference?
- What personal experiences qualify you for the position you are considering?
- What would you do to enhance the position?
- Are you supportive of the Republican Party?
- How time-committed are you to do this job?
- Executive Officers and Chairs are expected to attend Board Meetings, Membership Lunch Network Meetings, and Events. Travel and hotel expenses for training and events are at your cost. Can you do this, and will you serve?
- These are all questions you need to answer for yourself. Being an Officer means you do a lot of behind-the-scenes work as part of a team. Watching from the outside is sometimes easier until you get your feet wet and start doing the job. If you are ready to take that first step please email Janet Brown.

Columbus Day, celebrated on the second Monday of October, is both a federal holiday and, in Texas, a day of recognition. This is why some will have the day off while others do not.

Some interesting facts about the explorer:

- Worldwide, there were over 600 statues built of Christopher Columbus.
- Our District of Columbia is the namesake of Christopher Columbus.
- Christopher Columbus' discovery of the New World led to colonization in America, about one hundred years after his landing.

Learn more about Columbus, by reading *The American Story: The Beginnings*, by David Barton and Tim Barton.
