## Presidents Pen - Janet Brown

Bluebonnets are blooming in Texas, which is a signal of Spring. Are you **REDy** Central Texas RW? You should be! Central Texas, our eyes, hearts, minds, and energy are on the opportunities ahead for 2023.

**CTRW Membership Renewal** is in full swing—a big "Shout-Out" to each member who has already renewed or invited a friend to join. As a member, you enjoy the benefits of belonging to the largest women's Republican organization in Texas. We need YOU, so invite, share, and renew today!

CTRW-PAC is about "Educating & Empowering Women for Better Government in Bell County and all across Texas." Seeing and hearing news about our members' involvement in the local political scene is a joy. We see you running for local office, speaking with Elected Officials on issues, registering voters, serving as Precinct Chairs and in our local Elections, and promoting the ideas of the Republican Party in your social sphere of influence.

We had five members attend the Sold-out 2023 TFRW Legislative Event in Austin. During the Legislative lunch, it was a pleasure and honor to visit with Representative Brad Buckleys' staff members, Vanessa Tanner, Chief of Staff, and Sarah Denison, Legislative Aide, who dined at our table. We heard from many informed speakers on issues such as Election Integrity - "ERIC," and upcoming Legislative items. Also, I have a very informative booklet, and if you would like a copy, please email me.

We hope you enjoyed the special evening event at The Beltonian Theatre with the movie "Miss Virginia" and learning more about the Parental Empowerment School Choice legislative issue. We aim to keep you informed on as many topics as possible.

We know there is a great value found in your membership. We need YOU! Thank YOU to all of our members working to help **keep TEXAS RED.** ~ Janet

February is the month of love. Many of us have heard of the poet Mary Elizabeth Browning. She wrote the poem, "How Do I Love You, Let me Count the Ways" to her husband, Robert Browning, in 1850. I've read that poem many times but never thought about how Christ's love for us was so strongly related in her poem to her husband. Take a moment and reflect upon this poem. It could have been a poem from Jesus to us.

How do I love thee? Let me count the ways.  
I love thee to the depth and breadth and height  
My soul can reach, when feeling out of sight  
For the ends of being and ideal grace.  
I love thee to the level of every day's  
Most quiet need, by sun and candle-light.  
I love thee freely, as men strive for right.  
I love thee purely, as they turn from praise.  
I love thee with the passion put to use  
In my old griefs, and with my childhood's faith.  
I love thee with a love I seemed to lose  
With my lost saints. I love thee with the breath,  
Smiles, tears, of all my life; and, if God choose,  
I shall but love thee better after death.

Now therefore, that the Lord YOUR God is God, the faithful God who keeps covenant and steadfast love with those who love him and keep his commandments to a thousand generations. Deuteronomy 7:9

## I Am Republican Because..

I BELIEVE that the strength of our nation lies with the individual and that each person's dignity, freedom, ability, and responsibility must be honored.

I BELIEVE in equal rights, justice, and opportunity for all, regardless of race, creed, age, sex, national origin, or disability.

I BELIEVE that free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth, and prosperity.

I BELIEVE government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

I BELIEVE the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

I BELIEVE the most effective, responsible, and responsive government is the government closest to the people.

I BELIEVE Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I BELIEVE in American values and that we should preserve our national strength and pride while working to extend peace, freedom, and human rights throughout the world.

I BELIEVE the Republican Party is the best vehicle for translating these ideas into positive and successful principles of government.

Well, I hope you have your dancing shoes polished and your vocal cords tuned up because we are planning an exciting and fun night of KARAOKE with a DJ on Saturday, JUNE 10th, from 7:00-10:00 PM.

“GOLDEN CUPCAKES” will make an appearance with fantastic door prizes. I’m working hard on all the details with lots of help. The location is TBD, but good food and fun are ahead, so I hope you are saving the date. More information is coming closer to the date. See you there.

### Americanism Chair – Janet Grzybowski and Michelle Kirsch

Three types of independence:

1. Emotional: relying on yourself, not others, for happiness.
2. Mental: the capability to mentally choose your independence.
3. Financial and Professional, to choose your future Independence is both freedom and responsibility. The freedom to choose our path in life and the duty to act in the best interest of our society and our nation.

Remembrance and Historical information of independence

1. Texas's Independence from Mexico was achieved on 3/2/1836.
2. Declaration of Independence's final draft was approved on 07/04/1776.
3. St Patrick's day, 3/13/2023
4. National napping day 3/13/2023
5. National K9 Veterans Day 3/13/023

Independence or freedom to choose was given by our creator and should never be taken for granted.

## Legislative Chair/Joyce Damon

The 88th Legislative Session is quite active. As a review, the House has 150 members – 86 Republicans and 64 Democrats. The Senate has 31 members – 19 Republicans and 12 Democrats.

There have been 2,899 bills filed in the House and 1,278 in the Senate as of Feb. 20th.

Some of the important legislative issues TFRW will be following during this session are:

--Elections – including bills seeking to increase the penalties for election fraud and bills looking for methods to prosecute election fraud.

--Education – including a parent's rights, prohibiting CRT in public universities, dealing with other "woke" policies in learning institutions, and watching what is proposed for school choice.

--Another topic of major concern is Abortion and Vaccination policies.

-Border Security – including prohibiting China from purchasing land. Senator Bob Hall has introduced SB 237 relating to an interstate compact on border security and immigration enforcement. HB 82 is a companion bill.

-Senator Hall has also sponsored SB 330 regarding the Texas Electric Grid to address grid vulnerabilities. State Comptroller, Glen Hegar, stated that the State is expected to have \$342.3 billion in the State's Savings Account in 2023-24. Legislature decisions are what to spend and what to save, how to control costs, and whether we raise the ESF (Economic Stabilization Fund) cap to save more for the future. Also, what are the one-time expenses we can use the money for this cycle?

From the desk of State Representative Brad Buckley

We have begun the 88th Legislative Session and I am beyond honored to have been named the Chairman of the House Committee on Public Education. Additionally, I have the honor of serving on the House Committee of Land and Resource Management. There are numerous issues that will come to my committee this session, to include many of Governor Abbott's emergency items, and I am ready for our deliberative body to tackle these issues. School choice, curriculum updates, teacher shortages, parental rights, school safety, truancy and school finance, among many others, will come our way and I am looking forward to hearing honest and compelling testimony from parents, teachers, administrators, content experts, and Texans about how we can best serve Texas' 5.5 million school children and their families.

This session, I am confident we will create meaningful property tax relief for Texans, and I continue working, as I have for multiple sessions, on relief for Bell County and our municipalities disproportionately affected by the Disabled Veterans Homestead Exemption, which is nobly-earned and well deserved by so many veterans living in the county. I also plan to dig deep into water issues, working with our local agencies, state agencies, and neighboring counties to ensure we have plenty of this precious resource for our current needs and for our future growth.

We will tackle hundreds of other issues this session that are critically important to many of you, and I want to hear from you about all of them. Please contact me and share your thoughts, opinions, and insights into these. You can email me at [district54.buckley@house.texas.gov](mailto:district54.buckley@house.texas.gov) or call us at 512-463-0684.

I am grateful for your trust in me.

For Texas,

Brad Buckley, DVM  
Chairman, House Committee on Public Education  
State Representative, Texas House District 54  
Proudly serving Bell County

**What a fabulous weekend at the 2023 TFRW Legislative & 1st Quarter Board Meeting by our members who attended.**

So many Special Guest Speakers stopped by to offer support and updates on what is happening at our Texas and United States of America Capital.

We had an excellent update on Election Integrity from Dana Myers (RNC Vice Chair) for Texas, ERIC, and what is on the horizon to ensure every vote counts. Participants met several of our Freshman Republican Legislators as they shared their stories, goals to serve their communities, and legislative priorities.

The second day was the TFRW Board Meeting which all members are welcome to attend this very educational event. Besides the Committee reports, again, Special Guests took time to stop by to share information. During lunch, participants heard an update from Run GenZ with founder Joe Mitchell & Representative Caroline Harris, who discussed how the next generation of conservatives is standing up and getting involved.

**To keep Texas RED, we need YOU!** Our membership is open, and you are invited to join Central Texas Republican Women to become more empowered and engaged in politics.

**Editor's Corner**

Please share our newsletter with your friends and family. This is a good way for them to see what CTRW is all about and maybe they'll decide to join us!
